

APPLIED PROFESSIONAL STUDIES

The master of applied professional studies (M.A.P.S.) is an interdisciplinary graduate program in The Graduate School at the University of North Carolina at Chapel Hill. M.A.P.S. serves students on campus and in the community who need a graduate degree that is tailored to meet their unique career goals. At the core of the M.A.P.S. program is a series of courses in leadership and business fundamentals designed to provide students with essential professional skills.

Admission Requirements

Applicants must meet Graduate School admissions requirements, which includes the minimum requirement of a bachelor's degree completed before graduate study before graduate study begins or its international equivalent with an accredited institution, and an average grade of B (cumulative GPA 3.0) or better. The GRE is not required. Additional details can be found on the M.A.P.S. admissions (<https://appliedmasters.unc.edu/maps-admission/>) page.

Master of Applied Professional Studies (M.A.P.S.)

The master of applied professional studies (M.A.P.S.) is an interdisciplinary graduate program that provides students pursuing career advancement, workforce expertise, professional development, or career changes with a solid foundation and the resources needed to create a comprehensive degree that is individualized to meet his or her unique career goals.

Length of Program

The program of study includes 30 credits of academic coursework, including an introductory course in professional studies, applied professional skills curriculum, elective courses from two programs and tailored based on academic and professional interests, and a capstone experience. Students may choose to enroll full-time or part-time and will have five years to complete the degree, using a mix of in-person and online courses.

Curriculum

The curriculum, designed by the student and the master's program director, is intended for students who wish to focus on professional development and skill attainment tied to industry needs through specific learning tracks.
